

Consulting and Mentoring

Joe Perzel has been leading projects of all sizes and managing staffs since 1982 in both a corporate and vendor capacity. He has a background in multiple industries including healthcare, insurance, finance, government, non-profit, K12 and higher education, audit and compliance, manufacturing and agri-business. He has held leadership positions at Cargill, Surescripts, MN Workers Compensation Insurers Agency, Thomson Reuters, International Multifoods as well as his own consultancy – JPerzel Inc.

Some of the capabilities and services include:

- Audit your shop for best practices in project, program or portfolio management
- Assist with maturing your project/program shop
- Train your team – from beginner to advance concepts
- Provide advice and training for executive, non-PMO leadership
- Mentor new or mid-level staff with customized assistance

With 30+ years of experience leading projects, setting-up programs or portfolios and leading staffs Joe is uniquely qualified to assist you with real-world, right-sized help. Please contact him for a free consultation session on your specific needs.
